

New partnership with Trimec

Valves, header tanks & controllers

Denmark, October 2011

Dear Customer.

Nordic Air Filtration is happy to announce our new partnership with Trimec. Trimec specializes in header tanks, diaphragm valves, the innovative DOMINO mini tanks and controllers.

Our choice of new supplier was based on finding a supplier that not only matched the quality of our previous supplier, but also offered added values to you as customer. With Trimec's product range, you can expect:

- Top-quality products manufactured with many years of experience and know how
- Competitive prices
- User friendly products, that are extremely easy to install and adjust
- A continuous effort to increase functionality, user-friendliness and cost effectiveness of their products.

Please do not hesitate to contact our sales department, if you have any questions about Trimec's products.

You can experience Trimec's products along with a wide range of Nordic Air Filtration's filter cartridges at the Powtech exhibition, Nurnberg, 11-13 October, Hall 7 – stand 621.

Best regards,

Nordic Air Filtration A/S
